## MATE HOUSING REPAIR

### About the Program

**WHO?** Volunteer service teams from all over the east coast come to Central Western Maine to share their talents and caring with area homeowners, who without assistance with labor and/or materials, would be unable to make needed repairs and maintenance to their homes. Many of the volunteers take vacation time to be here.

**WHAT?** Painting, roof repairs, porches, steps, ramps and simple interior and exterior repair are likely prospects for the teams. Wherever possible, we ask homeowners and families to participate in the work and its cost. At times, MATE can help with materials through grants and donations.

**WHERE?** Currently we're serving a 5-county area (primarily Franklin, but also Somerset, Androsoggin, Kennebec, and Oxford) repairing homes that fall within roughly a 45-minute radius of Farmington, where most of our volunteers stay during their trip.

**WHEN?** Volunteer service teams arrive during the months of June, July and August. The date and time that the team will be at your home will be coordinated with you if your application is accepted.

**WHY?** The MATE Housing Repair program was created to help people in-need stay in their home by conducting the needed repairs that they otherwise could not afford to do. Volunteers come to work on housing and form relationships with homeowners and they would be pleased to work along with you and get to know you. Their experience is made better by the time you share with them.

**HOW?** If you own (or are buying) your home, all you have to do is to fill out this application and return it. Each application received will be considered, and you will be contacted for further information if necessary. We'll call you to set-up an assessment appointment, and we'll notify you, whether or not we are able to conduct the work requested.

**Mortgages held by other than a financial institution:** In cases where the mortgage is held by other than a financial institution, MATE-Housing Repair will require them to also sign off on any repairs made.

MATE Housing Repair determines what applications are accepted based on the skill levels of the volunteer teams and the extent and complexity of the work requested. We do our best to prioritize the requests as to those most in-need of assistance. We cannot guarantee that we can do everything requested, and it must be kept in-mind that the work will be done by volunteers with varying skill levels. Whatever we do is done with the safety of the volunteers as our highest priority, and in completing a job to our mutual (client & MATE) satisfaction.
